

We have designed the first in a new generation of adjustable enabling ICT desks that enables users to:

- Lie close to the floor with an Extendible monitor to accommodate a touch screen for prone IT access
- Adjust to wheel chair access height or, – Extend to walk in height if needed
- 5 year guarantee – 15 to 20 year lifespan
- The adjustable monitor arms are gas dampened
- We are a family company that provides quality products and after sales service putting our customers needs as our first priority
